About us..

HISTORY...

With almost 4 decades of manufacturing experience in the Iyen family, Gabriel Iyen started **SOUTHERN AFRICA ENERGY SOLUTIONS** in 1999 in Johannesburg, and later Durban .

The business stemmed from humble beginnings and under his leadership has grown into one of South Africa's leading manufacturers of bespoke interior and exterior lighting, furniture and interior design décor that can only define sheer luxurious living.

Post his untimely passing, we have decided to rebrand as **GABRIEL IYEN DESIGNS** in his memory.

OUR LEGACY ...

The legacy provided by Gabriel Iyen still continues as we pride ourselves in designing and manufacturing high end, quality, bespoke and timeless pieces to homeowners, retail stores, hotels and casinos within the republic and beyond our borders. We also work closely with interior designers and architects on various projects.

We are passionate about our business and we are continuously striving for excellence!

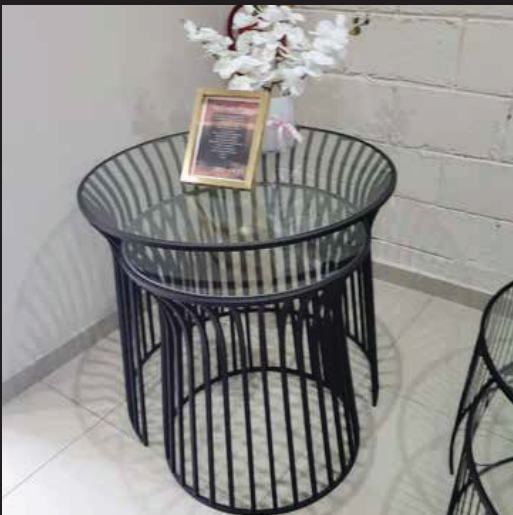

Our work ...

LIGHTING and CHANDELIERS

The foundation of this business started with the designing and fabrication of chandeliers. Lighting and chandeliers have and will always be the backbone of our designs.

TABLES and COFFEE TABLES

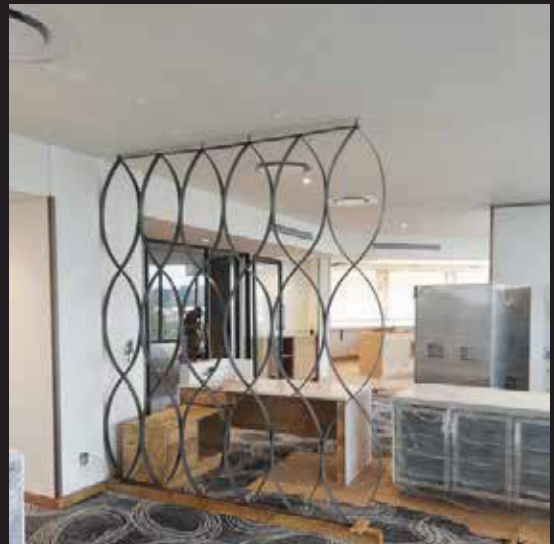

Our designer tables are made with the finest quality graded mild steel, stainless steel that is locally produced.

These are supplied as per design for hotels, casinos, and architechurally designed homes.

BESPOKE INTERIOR and EXTERIOR FURNITURE

As our designs advanced and evolved, we have started a range that focuses on bespoke designer furniture, these include light enhanced steel gazebos, interior and exterior furniture.

DESIGNER SCREENS

These screens and bespoke partitions can be custom made or designed to help for decorative purposes or privacy. these can be made in any size, design or colour.
